that cooking or partaking of non-vegetarian food should be prohibited in the Chathams proposed to be constructed by Mr Benamati's tenders and at para 3 of his letter dated 8th Augt 1932 the Imuyan comm has requested that Mr Chandrist, to whom the Mountop & site are proposed to be sold for a nominal price, has also given a mechalika to the effect that he would abide by the conditions to be prescribed by Govt. In the foregoing circumstances it seems to be incumbent on the Chatham authorities to prohibit the cooking or use of non-Vegetarian food on the premises, by some such means as putting up a notice to that effect & instructing the caretaker to allow the residence there of only such persons as promise to conform to the rules of the institution Submd for orders

I understand there was some opposition to the grant of the Mantap & that was why it was proposed it should be a condition that no non vegetarian food should be prepared. It was accepted by the Chandrian & his present — attempt to go behind it & evade his responsibility can not be allowed

NOTE—Contn Sheet

6 The chattram will be under his charge & it is his business to make proper arrangements for the observance of this condn by having notices there & by entrusting the work to proper caretakers. I am afraid that unless this condn which has been specifically put in is satisfied, the grant strictly cannot be made
